Oak International Freight Limited was established in January 1997 and is now one of the foremost Freight Forwarding companies in the West of England

Privately owned and managed, we are based in purpose built premises just 300 metres from Junction 18 of the M5 motorway in Bristol. We are, therefore, ideally situated to serve Exporters and Importers alike in the West of England and South Wales.

Our philosophy is care, control and expertise in all we do so you can rest assured that whether by Road, Sea or Air your Freight is in the best possible hands at Oak International.

## Road Freight

Our road freight services are second to none. Carrying shipments from 1 to 24,000kg we serve all EU countries (and those waiting to join us!) for both Export and Import shipments with daily departures to most countries. Wherever possible we deliver directly from the International trailer to minimise handling and optimise transit times.

Our Operations team have a wealth of expertise in the business and with our vehicles equipped with the latest Satellite Tracking Technology we are in total control of your freight.

## Express Road Freight

Complementing our trailer service is our Express operation where we utilise a fleet of vans, Curtainside Sprinters and 7.5t box and Curtainside trucks. When we say Express we mean Express! Goods are carried overland in the fastest and most secure manner.

## Courier

Our brand new Courier service offers very competitive prices to carry small consignments Worldwide! Working in conjunction with the major courier companies we have secured exceptionally competitive tariffs and the fastest possible delivery times both domestically and globally.

## Airfreight

Working with all major airlines we are able to offer export and import services both to and from all worldwide destinations. In conjunction with our extensive network of overseas agents, we can provide services either to the airport only or inclusive of local Customs clearance and onward delivery to your customer's door. Our truly independent status enables us to tailor our services to comply with the specific requirements of our customers on each individual shipment.

## Ocean Freight

In direct partnership with all major shipping lines, we can provide either FCL or LCL shipments for export and import movements worldwide. Whether to or from the port only, or on a door-to-door basis, we can match our services to the client's needs depending on their terms of sale and the requirements of each consignment.
